If a child cannot be consoled from crying in a reasonable amount of time (10 minutes) and appears to be distressed, we will inform the parent / guardian.

Time-outs will be used to maintain order, safety, and conformity to the childcare policies. Parents / guardians will be involved if further action is necessary.

Our staff is not permitted to administer medication.

If the child requires a diaper change, we will inform the parent / guardian using the KidCheck method.

If your child requires special assistance, we will page you to come attend to your child's needs.

For the safety of the children, all parents and guardians must sign children in and out of childcare. No child will be permitted to leave the childcare area with another person, regardless of relationship, unless prior arrangements have been made with the childcare staff.
